Our Secret

The main component of all Defined™ products is never water or alcohol, but always our luxurious East Asian herbal formulations.

For thousands of years, the most revered doctors and herbologists of East Asia have used *bi-bong*™ formulas to rebalance and strengthen the body. These uplifting blends of natural and organic botanicals are revered for their skin-renewing properties, and include detoxifying herbs that work harmoniously with CBD-Rich Hemp Oil™ for smooth, refreshed skin.

Furthering our commitment to the most natural formulations, the CBD-Rich Hemp Oil™ in all Defined™ products comes from natural commercial hemp grown by generational farmers without the use of pesticides, herbicides, or chemical fertilizers. These products are specially formulated to protect the skin from aging, roughness and environmental effects.
